Finally a performance small block Mopar **Cast Iron** replacement head. As you know all used OEM heads are cracked. Indy Cylinder Head has developed the Indy X Series of both LA and Magnum Heads. Indy X heads are the perfect street/strip performance heads for the 318 - 340 - 360 - 408 - 415 displacement Small Block Mopar engines. X Heads are your best choice for 400 to 550 Horse Power.

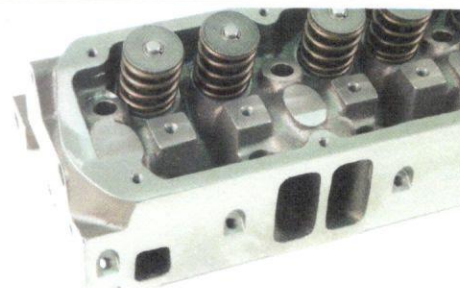

LA-X Head '68 - 1987

- LA style using standard intake manifold and rocker shaft, heads are drilled for the correct LA valve cover & gasket.
- LA and Magnum accessory holes on both ends of head.
